

The Annual

Big Wanda Book Giveaway

awards new books to 500 children throughout Orleans Parish!

Sponsored by Team Happy Foundation and a coalition of literacy advocates, the annual giveaway is an opportunity to empower the next generation of leaders through inspired storytelling and interactive learning.

All participating children take home a new age-appropriate book and are equipped with fun tools to discuss the importance of building a disaster plan with family and friends.

When youth are equipped with first aid skills and basic emergency communication techniques, they help their household become safer and our community more resilient.

If your school or summer camp would like to receive free books, email us a brief description about how your students are preparing for Hurricane Season: info@TeamHappy.org or (504)315-5084
